THE BAPTISTS DEDICATE THEIR RE-MODELED CHURCH

One of the beautiful occasions of the season was the dedication of the beautiful and commodious church building of the Baptist church of our city last Sunday. All the churches joined in the service and the local ministers took part in the services. One of the special features of the service was the greetings which came from Mayor Homan in behalf of the city, and the Hon. W. W. Wood in behalf of the Commercial club, and Rev. C. C. Pratt, then Judge Dalton Biggs gave a beautiful tribute to the work of the church in the community. These men all gave the church her place in the formation of society and the making of better moral con-

ditions in the community. Rev. O. C. Wright of Portland gave a splendid address on the topic, "Service." A good program of song had been prepared including a quartet by the Congregational choir and a duet by the Presbyterian choir.

The report of the building committee showed that an expenditure of \$1000.85 had been added to the property. A debt of only \$266 was reported which was at once raised and provided for after which the deacons presented the property for dedication. The dedicatory prayer was offered by the pastor after which the benediction was pronounced by Rev. T. J. Snyder the only previous pastor of the church that could be present. Dinner was served by the ladies at the old blue front cafe on Main street to a large number of friends and members of the church.

The history of the church from its beginning shown something of its growth and work since its organization. The church was organized March 2, 1901, with ten members: Mr. and Mrs. J. S. Jones, Mrs. Alan Ritchie,

Rev. Baker, Pastor.

Mr. and Mrs. C. W. Aldredge, Mrs. Martha Downs, Lizzie Aldredge, Mr.

and Mrs. S. W. Canfield and Mrs. S. A. Landingham. Four of the charter members are still with us.

Rev. T. S. Dulla was the first pastor who served six months. The church was then supplied until May 1902 when Rev. Thomas Spight was called to the pastorate, who served the church for nearly three years. It was under his ministry that the church building was erected. Rev. T. J. Snyder was then called who served the church for one year. The church was then supplied for a season. Rev. L. A. Myres was then called to the pastorate September, 1907, who served the church to September, 1914. It was under his ministry

that the commodious parsonage was built at a cost of \$2400. Brother Myers was a man of great sacrificing spirit and did much to build up the church.

After Brother Myers left the field many names came before the church of whom the church could not feel that they were the one that God wanted to take the work. In November the name of our present pastor, Rev. D. E. Baker, came to us through prayer and held a meeting with us at which time the church was greatly aroused and many members added to the church. The church was led to believe that he was the one that God had sent to lead it into greater spheres of usefulness.

The church extended a unanimous call to Brother Baker to become our pastor. After some reluctance he accepted and came to us the first of January, 1915. We feel that under his ministry that the church has been greatly built up and fields of activity entered that before was almost unknown to the church. Under his ministry this splendid house of worship has been repaired and placed in condition for better service for our Lord. The cost of the repairs has been approximately \$1000. The work has been largely done by the hands of our pastor.

The church has had its struggles and disappointments, but has maintained regular services most of the time since its organization. First to last there have belonged to this church 350 members, of which 263 now are on the records. One hundred and thirty-one have united with the church since and including the first visit of our present pastor in November, 1914. We feel that the church is in better working condition than at any previous period of its existence.

There is a bright prospect ahead for the church with its aggressive workers and program will be heard from in the extension of the Kingdom of God on earth. The church now has the completest auditorium in the city and large congregations are attending all the services. We are praying that God may keep us humble and use us to yet greater effectiveness in this community.

O. P. NEECE,

Chairman board of deacons, Ontario, Oregon.

THOSE PESKY CHINESE EGGS

A new phase in the Chinese egg industry has recently developed. It seems that the Chinese product is as unpopular over the British Columbia line as it is here and as difficult to dispose of when imported directly into Victoria or Vancouver. To overcome this it is authoritatively reported that Chinese eggs in large quantities are being imported into the state of Washington and exported again into British Columbia as the product of the United States in direct competition with the Washington product.

Washington has nothing on Oregon in this respect. Certain interests have been doing this very thing here for a long time and are yet.—Portland Telegram.

That bad little Mexican boy needs a spanking—and he is likely to get it.

BAKER WOOL SALE IS DISAPPOINTING.

Baker, Ore., June 27.—Only 145,000 pounds of wool were offered for sale at the sales day here today, and only 23,000 of that had been sold at the close at 1 o'clock this afternoon. All except 10,000 pounds came from Grant county, because practically all wool in this county was contracted early in the season. Twenty-five cents for fine and 28 cents for coarse were the highest bids.

Besides limiting the taxing power, it is the hope of the State Taxpayers' League, whose personnel represents all parts of the state and its interests, to reorganize the administrative branches of the state government so that unnecessary duplication will be eliminated and greater efficiency will be attained through greater centralization.
